TERMINOS Y CONDICIONES

TERMS AND CONDITIONS

The student must respect the family's rules and established conditions for the entire stay. In the event of significant harm caused by the student, the family will assess the damage and inform the school. A staff member will visit the dwelling to verify the extent of the damage and determine the amount payable, which will be communicated to the student.

A double room is available only when requested by two students staying together. If a student requests a double room without a companion, they will be accommodated with someone of the same sex and different nationality or mother tongue. The family will not assign a double room to a student who requested a single room without prior notice to the school. Similarly, a student who requested a double room will not be placed in a single room without prior notice.

Students who wish to request a change of accommodation must submit their request in writing to the school, clearly stating the reasons for the requested change.

Upon receipt of the request, Cronopios Idiomas will open a case and review the circumstances presented. The case will be assessed by the school's Accommodation Board or designated staff members, who may gather information from all parties involved before reaching a decision.

Accommodation changes are not guaranteed and will be considered on a case-by-case basis, taking into account the student's circumstances, accommodation availability, and the welfare of all parties involved.

Where a change is approved, the school will make reasonable efforts to offer an alternative accommodation option. Any additional costs resulting from the change may be the responsibility of the student.

The decision of the school regarding accommodation changes shall be final.

The signing of these conditions implies acceptance.
